Introducing New Pathfinder® Models with 6-Button and 4-Button Controllers

Pathfinder is a compact, programmable siren and light controller now available with a 4-button and 6-button controller. The new 4-button controller features four dual color backlit push-buttons and the new 6-button controller features a four-position progressive slide switch and six dual color backlit push-buttons. For convenient visual reference, the Pathfinder emulates the selected pattern of the SignalMaster™ operation on the front of the control head.

FEATURES

- 100/200 W siren/light controller with PA and noise canceling microphone
- Built-in dual-tone capability when used with two speakers
- Built-in Rumbler® traffic clearing capability
- Optional FS Vehicle Integration/On-Board Diagnostics Integration (OBDII)
- Programmable timer feature
- Siren tones, PA, Radio Rebroadcast and Air Horn
- Horn Ring Transfer and Park Kill
- (7) programmable inputs and (12) programmable solid state relay outputs
- Pathfinder Configuration Software allows for easy customization of siren and light controls
- (2) Convergence Network ports
- Dual color backlit of push-buttons
- Library of selectable siren tones includes SmartSiren, Unitrol, PA300 and Powercall siren tones
- Backlit LEDs on control faceplate emulate SignalMaster™ directional warning operation
- Meets or exceeds SAE, California Title 13 and NFPA requirements
- Standard voice messages available in English, Spanish and French Canadian to broadcast alerts. Custom voice messages available for an additional fee
- Five-year warranty
