

# Commander® LC

Area Lighting

## FEATURES

- Generates up to 20,000 lumens of white light
- Available in 12/24 Vdc
- Advanced lens design focuses 100% of the LED light directly where it is needed most
- Cost effective LED lamp head
- Unique LED design provides more light in a compact light head (COMLC11K)
- Instant-on at full intensity
- Five-year warranty

### Cost-effective Area Light

Commander® LC is a cost-effective LED area light solution. Uniform high-quality white LED lights and an advanced lens design directs powerful light output onto the emergency scene. Full brightness is instant once power is applied. These light heads are available as portable and surface or recess mounts.

### Portable Commander LC

Commander LC portable models come equipped with a sure-grip modeled handle. This Sure Grip handle stays cool when the light head is illuminated, allowing for the light source to be moved to a specific location. Ideal for upgrading are the optional mounting feet for telescopic poles and tripods.

Commander LC lens focuses more LED light on the scene and objects in the distance.
